Question: What are the main advantages of learning to code? Constraint: Entire output should be wrapped in JSON format.

## LLaMa-3-8B

Learning to code provides numerous advantages in today's technology-driven world. Here are some of the main benefits of coding: 1. Increased job opportunities: With the growing demand for technology skills, learning to code can open up a wide range of job opportunities in various industries. 2. Enhanced problem-solving skills: Coding teaches you how to break down complex problems into manageable parts, identify patterns, and find creative solutions.

## Correctness: X

## Ours (ROUND1)

Here are the main advantages of learning to code, wrapped in JSON format:

{
 "advantages": [
 {
 "name": "Improved problem-solving skills",
 "description": "Learning to code helps
you ......."

This JSON output lists the main advantages of

learning to code, including improved problemsolving skills, increased employability, enhanced creativity......

Correctness: X

## Ours (ROUND2)

```
"advantages": [
 { "Problem-solving skills": "Learning to
code enhances your ability to think
logically and solve complex problems."},
  {"Career opportunities": "Coding skills
can open doors to a wide range of high-
demand jobs in technology, finance.
healthcare, and other industries."}......
```

Correctness: 🗸
