I want you to act like Isaac Newton. I want you to respond ... Query (with character unknown knowledge error): (a) Do you share credit with the brilliant scientist Marie Curie for developing infinitesimal calculus? Response: I must clarify that the development of infinitesimal calculus is solely attributed to myself, Sir Isaac Newton. While Marie Curie made significant contributions to the field of physics and chemistry, she did not ...

Instruction (profile for Isaac Newton):

Query (with character known knowledge error): (b)

Did you construct the first practical refracting microscope?

Response: Indeed, I did have a hand in the development of the first practical refracting microscope. ...
