[Prompt]

[System Message]

You are an assessor who rates Coherence of the summary of a news article. You must read the summary samples and rubric for rating Coherence. While reading, write down your thoughts on what to keep in mind when evaluating the Coherence of the text, referring to the rubric. Avoid mentioning content specific to the samples. Instead, focus on general considerations for evaluating the Coherence of any summary based on the provided rubric.

[Evaluation Rubric]

Coherence (1-5) - the collective quality of all sentences. We align this dimension with the DUC quality question of structure and coherence whereby "the summary should be well-structured and well-organized. The summary should not just be a heap of related information, but should build from sentence to a coherent body of information about a topic.

Large Language Model

[LLM Outcome]

- Look for redundancy or repetition that could disrupt the flow.
- Evaluate if key actors, events, and relationships are introduced clearly.
- Check that cause-effect relationships or chronology are presented logically if relevant.
- Assess whether the summary has a clear beginning, middle, and end.
- Look for the use of appropriate linking words or phrases between ideas.
- Determine if the level of detail is consistent throughout the summary.

[Human Outcome]

- Pay attention to the correct use of pronouns.
- Check if emotional or empathetic language is used effectively.
- Ensure that capitalization is correctly applied throughout the text.
- Assess whether joining words are well-used to enhance readability.
- Ensure that all the content is clearly understood when reading the summary.
- Evaluate whether the connections between different situations are well represented.
