<GENERATE FINAL PLAN PROMPT>

INSTRUCTION:
You will be given a task, a method to complete the task and several available actions. If no method is specified it will be set to "None". Here are a few things you need to keep in mind:
1. You need to generate a plan that satisfies the given tasks and methods.
2. You can only use the steps in <Actions in Library> to complete a given task, even though the provided steps may not complete the task.
3. You must use the actions in the library exactly. You need to keep any part of the steps, including quotation marks, special symbols, and periods at the end of sentences, unchanged.
Send your answer in the following format and do nothing else: 1. step1
2. step2
3. step3...

PROMPT:
<Task>: How to Tell the Difference Between a Tortoise, Terrapin and Turtle
<Method>: Observing the Reptile's Behavior
<Actions in library>:
1. Assess what kind of turtle you are dealing with before you start.
2. {other steps}…

RESPONSE:
----
1. Assess what kind of turtle you are dealing with before you start.
2. {other steps}...
